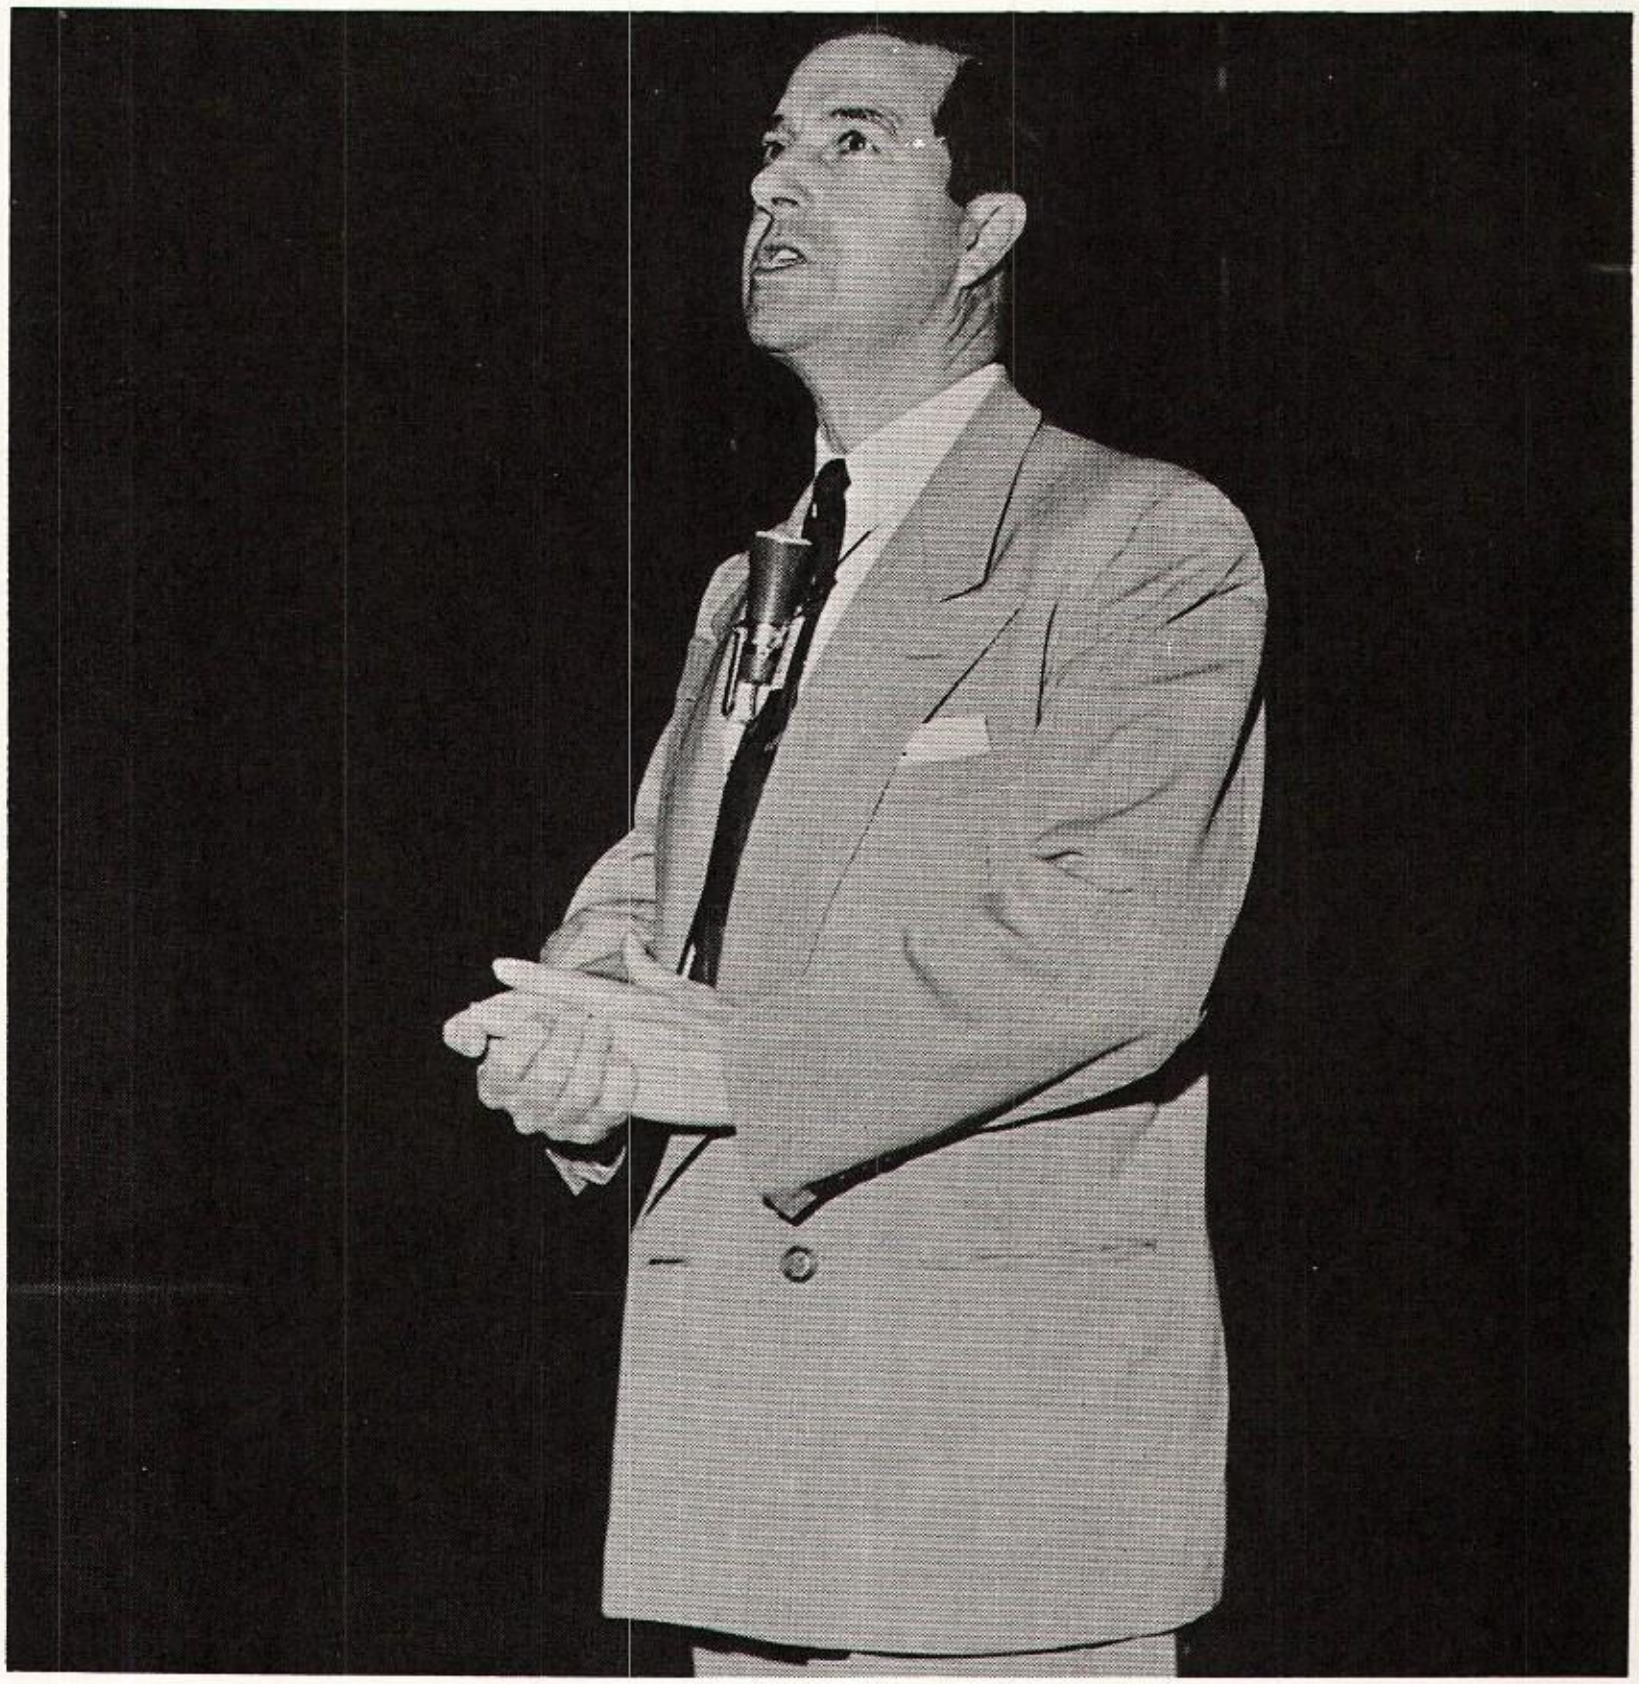
NOR'WESTER

NW

HIGH SCHOOL

'59

DEDICATION



It is with deepest respect and appreciation that we dedicate our 1959 year book to you, Mr. Francis Goodman.

Because of your many years of constant guidance and understanding, we shall have a better and fuller life.

Each one of us has appreciated the personal interest you have shown in us no matter who we are. The warm and friendly smile which you always have for everyone has encouraged us and cheered us up when things seemed to be going wrong.

For these qualities and many others too numerous to mention we dedicate to you with sincere gratitude our second "Nor'Wester".

FOREWORD

In years to come when the world can look upon your life with just pride in your achievements, may you again turn to these pages and find herein many of the inspirations and incentives which you acquired at Northwest High School.

He teaches . . .

. . . Patience and Tolerance

SUPERINTENDENT

WILLARD KIDDER
Bachelor of Arts
Master of Arts
Western Michigan University

Again we pause to review our attainments during the past year. It has been a year of continued growth. One in which we have seen the total school program grow in stature and breadth. The several departments have expanded their activities and have presented programs which indicate progress and refinement. Even though our system is young in years, it has begun to assume its place as an educational institution. It behooves us to continue to meet the challenge that our rapidly changing society of today demands of us. You should take a look at yourself in the light of your future plans as you approach graduation. I hope that now you will evaluate your accomplishments and plan your final year of high school so as to attain the highest degree of efficiency with which to meet your future endeavors.

It is with great pride that we receive this, our second annual, and note the achievements which our school and students have attained this past year. Not only do the faculty and students deserve our congratulations for the part which they have played in the year's success but the annual staff, as well, merits our commendation for the way in which they have chronicalled our school and its events. May we all review the past year with pride and look to the future with our sights raided to ever higher standards. May NORTHWEST HIGH become synomymous to us with the very best of every facet of school life and may we always be proud that we were privileged to seek our education here.

School is the most important part of our lives and we should take advantage of the opportunities given us as these honor students have. They have developed their abilities to the fullest capacity and made the school proud of them. Activities are said to sometimes be hindrances, but each of these students participated in one or more activity this year. Hard work, concentration, and eagerness to do their best, abled these students to maintain a high scholastic averaae.

Mr. Curl, Coach

The cheerleaders and crowd gave a lot of moral support to the various teams. The cheerleaders are to be commended for their fine cheering whether we won or lost.

The Northwest Sports Department tallied more losses than wins this year, but our competition was keen and the Mounties surmounted many odds to make the wins they did. The football season was most successful with 3 wins and 4 losses. The reserve team looked promising in their first year, although they had a total of 5 losses, many of them will be competing for varsity positions next year.

The varsity basketball team had an average of 5 wins and 12 losses. The varsity entered the tournaments and played the best they had all year, making their school very proud of them. The reserve basketball team, who looked considerably better this year, averaged 12 wins and 5 losses.
